**Sign-up for Main Street Corridor Project Updates
Now Available on Dedicated Project Website**

HOPKINTON, MA (February 19, 2021) - The Town of Hopkinton is pleased to announce the launch of a new [project website](#) for the Main Street Corridor Project designed to provide construction project updates on a regular basis. In addition, the website also includes an email signup form to receive project updates right in your inbox.

The Main Street Corridor Construction Project website can be found at <http://hopkintonmainstreet.com/>. Or you can scan the QR code below which will take you directly to the website.

The email signup form for updates can be found at the bottom of the front page of the website. To receive updates in your inbox, simply sign up by submitting your name and email address using the [Hopkinton Main Street Corridor Project Email List Signup Form](#).

“In an effort to reach as many residents, businesses and community members, we encourage everyone to sign up for the project email updates and hope that you will share the link with your family, friends, neighbors and business associates,” said Town Manager Norman Khumalo. “The town will continue to make every effort to keep the community up to date during the construction phase and signing up for the updates will help to support this effort.”

You may begin to see activity from Amorello & Sons, Inc. (Amorello), MassDOT’s contractor, as early as next month, weather dependent. As soon as the Town receives confirmation of any scheduled onsite activity a press release will go out with those specific details. More specific information will be posted to the construction project website as well as soon as it becomes available.

The project contact for the Town of Hopkinton is Michelle Murdock, Professional Project Specialist who can be reached via email at mmurdock@hopkintonma.gov.
